Proposal No. 3 Determination of Remuneration for Granting Restricted Stock Compensation to Directors

1. Purpose and reason for changing stock-based compensation for directors

Each director's remuneration to be paid by the Company is composed of a "Basic Salary," "Bonuses," and "Stock-based Compensation"; The total amount of "Basic Salary" and "Bonuses" for all directors were approved at an amount not exceeding 300 million yen per year at the 56th Annual Shareholders Meeting held on June 27, 2006 (excluding, however, the employee salary portion for a director who serves concurrently as an employee). As for "Stock-based compensation," a trust-held stock compensation plan was approved at the 64th Annual Shareholders Meeting held on June 24, 2014 (hereafter referred to as, "Current Plan").

In order to enable directors and shareholders to share common values, and remuneration to function as an incentive to sustainable improvement of mid-to-long-term corporate performance and shareholder value, we would like to review "Stock-based Compensation" and replace Current Plan with the "Restricted Stock Compensation Plan (hereafter referred to as "New Plan").

Now, we would like to request that shareholders approve the monetary compensation to be paid for granting the restricted stocks.

Provided that this proposal is approved by a resolution, the Current Plan will cease to be used.

2. Overview of the New Plan

Directors eligible for the New Plan are directors excluding outside directors and part-time directors (hereafter referred to as "Eligible Directors").

Eligible Directors shall pay the entire monetary compensation claims derived from this Proposal in the form of assets contributed in kind and shall, in return, receive issuance or disposal of the Company's common shares.

The total amount of monetary compensation to be paid for granting the restricted stocks to Eligible Directors according to this Proposal shall be 200 million yen or less per year, the amount deemed reasonable in the light of the aforementioned objective. Specific amount to be paid to each Eligible Director shall be determined at the Board of Directors.

The total number of the Company's common shares to be issued to or disposed of for directors according to this Proposal shall not exceed 50,000 shares per year (however, in the event of share splitting (including gratis allocation of the Company's common shares) or share consolidation of the Company's common shares occurring on or after the date of approval for this Proposal, or when other adjustments are necessary for the total number of the Company's common shares to be issued or disposed of as restricted stock, adjustments will be reasonably made to the total number of shares).

The amount paid in per share according to this Proposal shall be the amount determined by the Board of Directors within the scope of an amount that is not particularly advantageous to an Eligible Director, based on the closing price of the Company's common shares on the Tokyo Stock Exchange on the business day prior to the day of the relevant resolution at the Board of Directors determining subscription requirements (if no trading is reported on the day, it shall be the closing price on the

immediately preceding day).

When issuing or disposing of the Company's common shares according to this Proposal, the Company shall conclude a restricted stock allocation agreement (hereafter referred to as, "Allocation Agreement") that includes the following provisions, with each Eligible Director.

When Proposal No. 2 is approved by a resolution as presented here, the Company will have eleven (11) directors (including three outside directors and one part-time director); and there will be seven (7) Eligible Directors.

3. Overview of the Allocation Agreement

(1) Transfer restriction period

During a period specified by the Board of Directors; minimum 10 years and maximum 30 years that starts from the date on which an Eligible Director receives an allocation according to the Allocation Agreement (hereafter referred to as "Transfer Restriction Period"), he/she shall neither transfer, create a security interest on, nor otherwise dispose of, the Company's common shares allocated according to the Allocation Agreement (hereafter referred to as "Allocated Shares") (hereafter referred to as "Transfer Restriction").

(2) Requirement for lifting the Transfer Restriction

Irrespective of the provision of (1) above, the Company shall lift the Transfer Restriction on all of the Allocated Shares at the expiry of the Transfer Restriction Period on the condition that the Eligible Director was in the position of director or executive officer continuously during the Transfer Restriction Period. If the Eligible Director loses the position of director or executive officer prior to the expiry of the Transfer Restriction Period through reasons recognized as legitimate by the Board of Directors, then the Company shall be able to lift all or part of the Transfer Restriction on the Allocated Shares. The number of Allocated Shares for which the restriction should be lifted and the timing of the lifting shall be reasonably adjusted, as required.

(3) Cases of acquiring shares free of charge

- 1) If, prior to the expiry of the Transfer Restriction Period, an Eligible Director loses his/her position of director or executive officer, the Company shall, as a matter of course, acquire the Allocated Shares free of charge, with the exception of cases which have a reason to be recognized as legitimate by the Board of Directors.
- 2) The Company shall, as a matter of course, acquire the Allocated Shares for which the Transfer Restrictions are not lifted according to the provisions of (2) above, as of the expiry of the Transfer Restriction Period, free of charge.

(4) Management of shares

The Allocated Shares are to be managed in a dedicated account opened in a domestic securities firm, or in such means as deemed appropriate by the Company, in order to ensure that the Eligible Directors neither transfer, create a security interest on, nor otherwise dispose of, the shares during the Transfer Restriction Period.

(5) Treatment of Allocated Shares upon reorganization, etc. of the Company

- 1) If, during the Transfer Restriction Period, a merger agreement in which the Company becomes a non-surviving company, a share exchange agreement or a share transfer plan under which the Company becomes a wholly-owned subsidiary of another company, or any other matters related to reorganization, etc., are resolved at a General Meeting of Shareholders (or by the Board of Directors, if the approval of the General Meeting of Shareholders is not required), then the Company will lift the Transfer Restrictions for the Allocated Shares the number of which will be reasonably determined by resolution of the Board of Directors, based on the period from the first day of the Transfer Restriction Period to the date of approval for the reorganization, etc., prior to the effective date of the reorganization.
- 2) In the cases prescribed in "1)" above, the Company shall, as a matter of course, acquire, free of charge, the Allocated Shares for which the Transfer Restrictions are still effective immediately after the Restrictions are lifted as provided for in "1)" above.

(6) Declaration of intention, etc. for Allocation Agreement

The Allocation Agreement includes the declaration of intention and methods of notification concerning the Allocation Agreement, and methods of revision for the Allocation Agreement, and other matters determined by the Board of Directors.

(For your information)

The Company also plans to grant restricted stock similar to that described above to executive officers of the Company.
